Steady Increase of Earthquake Shocks in the South.

New York, Oct. 13.—A Charleston, S. C., special says: "A local scientist, known to be an accurate observer, was recently selected to investigate the story that earthquake shocks have been felt at ninety-six periods about thirty miles from the Georgia line and about 100 miles from Charleston, for the eighteen months just passed and were increasing in frequency and vigor. His reports confirm it."

SEIZED BY CANADA.

A United States Schooner Held for Violation of Sealing Laws.

WASHINGTON, Oct. 12.—The state department has received a brief dispatch from the American consul general in Canada confirmatory of reports touching the seizure on Saturday last by Canadian customs officers of the American schooner Marion Grimes at Shelburne.

Nothing is officially known at the department concerning the reported seizure by Russian officials in the Arctic sea of the American schooner Henrietta. The British minister, acting on instructions from his government, has applied to the department of state for all information obtainable in regard to the recent seizure of the British Columbian schooners Inward, Thornton and Carolina, by the revenue steamer Corwin, for alleged violation of the laws regulating the hunting of seals in Alaskan waters. The application was referred to the acting secretary of the treasury, and that official to-day transmitted to the secretary of state copies of all correspondence in the treasury department bearing on the seizures in question.

Robbed of \$4,000.

COLUMBUS, Oct. 12.—William Edwards robbed a farmer named Israel Bush of \$4,000 on the night of October 6, and left the farm. Last night he went back and raised a disturbance because another man had been hired in his place. He was arrested and put in jail, and his trial set for next Saturday. He afterward made a full confession, and will be taken before Judge Keyes on next Wednesday for sentence.

A Fierce Wind Storm.

NEW ORLEANS, Oct. 12.—The wind was blowing a gale last night. Dispatches from towns on the Mississippi coast report a gale prevailing all day on the Mississippi sound. A break in the old basin levee on Broad street was reported last night. The velocity of the wind was thirty-six to forty miles an hour and increasing.

GIVE IT UP!

No Change in the Affairs at the Chicago Packing Houses.

CHICAGO, Oct. 12.—A committee from the general assembly of the Knights of Labor this morning had consultations with the individual owners of packing houses, but found it impossible to deal with the committee representing the entire packing houses. The general situation at the stock yards is unchanged.

changed. There are large waiting crowds, but no disturbances. The beef men continue working and the Armour house is running the pork department with a reduced force.

Speaking concerning the stock yards strike, Mr. Armour says: "The day of Chicago's supremacy as a pork packing centre will soon be a thing of the past. Kansas City, Omaha, Cedar Rapids and other points are fast taking the business away from here. It is a natural course of events."

MURDEROUS NEGROES

They Fire Upon a Party of Students With Serious Results.

DANVILLE, Oct. 12.—Saturday night a number of the university students at Chapel Hill, N. C., went out on a lark, and a disturbance took place between them and a number of negroes who reside in the place. The students returned to the college, arriving about 12:30 a. m., and made a complaint to Mr. J. A. Freeze, that the negroes had insulted them. He was in bed, but arose and went out with the complainants to the place where the trouble occurred and saw a number of negroes loitering near the house occupied by a negro named Barbee. Upon asking for the parties who had offered an insult to the students they were answered by a fusillade of shot and balls from the house, which resulted in the killing of Freeze and the wounding of two students, Pat Brewer, Jesse Harris and Wesley Harrett, after firing, they made their escape and have not been captured. No doubt if caught they will be lynched.

A SECRET MARRIAGE.

Tony Heit and Millie Rohle are Wedded Up in Michigan.

Last Friday night Tony Heit and Millie Rohle quietly proceeded to Michigan and before a magistrate of the Peninsular state, two hearts were linked for the joys, sorrows and fortunes of life as the fates decree them. Mr. and Mrs. Heit returned home next day and are snugly domiciled at the residence of Mr. A. Foster. Miss Rohle is the daughter of Officer Frank Rohle and she is just as pretty as a picture. Mr. Heit is a traveling salesman for Louis Fox, and a clever young gentleman. There is no occasion for them to regret the occurrence, as the parental blessings have been extended.

A Strange Coincidence.

THOR, N. Y., Oct. 12.—Assistant Postmaster Burridge is missing since Sunday; also a package containing \$3,700. It is supposed Burridge is in Canada.

THE CONVENTIONS.

The Episcopal Conclave and the Meetings Elsewhere Detailed.

CHICAGO, Oct. 12.—The house of deputies of the Protestant Episcopal church met again this morning and the committee on the consecration of bishops reported in favor of the consecration of Rev. Mahlon Norris Gilbert, as assistant bishop of Minnesota. The point was raised that the question should be held with closed doors. The matter was accordingly referred back to the committee on consecrations. The question of the consecration of colored people to the Episcopacy was referred to the committee on constitution and that the report be placed on the calendar.

The unanimous report of the joint committee on marriage and divorce, embodied in the new law, provides that no marriage of any person under eighteen years of age, shall be solemnized, unless the parent or guardian be present or has given written consent. That at least two witnesses, knowing the contracting parties be present; that divorce can only be recognized or granted, on the ground of adultery, the guilty party being forbidden to again be married during the lifetime of the person from whom he or she was divorced.

WHAT THEY SAY.

Press Comments on the Death of Hon. Jesse L. Williams.

(Richmond Palladium.)

Hon. Jesse L. Williams, who died at Fort Wayne last Saturday in his 80th year, was a brother of Mrs. Dr. Mendenhall and of the late Achilles Williams of this city. He was one of the leading civil engineers of the country and as the chief engineer of the state was engaged in its great internal improvement schemes nearly half century ago. Later he became interested in building railroads and was mainly instrumental in securing all the earlier railroads at Fort Wayne. During Mr. Lincoln's administration he was appointed government director of the Union Pacific railroad. He was always one of the most enterprising and public spirited men of Fort Wayne, and contributed largely in every way to the upbuilding of that city. In all benevolent and moral movements he was always prominent and liberal in contributing means to their support, as well as in personal efforts to advance them. On subjects in which he took an interest he was a voluminous writer, and upon all things connected with his profession was regarded as a standard authority. For many years he had been an elder of the Presbyterian church to which he was greatly devoted, spending time and money liberally to promote its interest. Few men have lived a more active and useful life or accomplished more good among men. He acquired a large fortune by honest effort and honest dealings with all with whom he was associated, and died honored and esteemed by all who knew him. He leaves a widow and three sons.

(Lafayette Courier.)

At his home at Fort Wayne, on Saturday, occurred the death of Hon. Jesse L. Williams, one of the oldest and best-known citizens of Indiana, in the eightieth year of his life. He was identified with the construction of the first railroads of Indiana, and was especially well known in this section through his connection with the Wabash and Erie canal. In July, 1854, Mr. Williams was appointed by President Lincoln a government director of the Union Pacific railroad and remained in that position until the Union Pacific and Central Pacific met west of Salt Lake, in 1859, when the oceans were connected by rail. He received commissions from three successive presidents, Lincoln, Johnson and Grant. He was beloved on all sides and his death will bring sincere sorrow and mourning to all who knew him.

(Huntington Democrat.)

Hon. Jesse L. Williams, an old and highly honored citizen of Fort Wayne, died at noon Saturday, being in his eightieth year. He surveyed the Wabash and Erie canal through Fort Wayne, surveyed the Grand Rapids and Indiana railway, was one of the first of the government directors of the Union Pacific railway and was the only one who was reappointed by President Grant.

Several others were injured, who may be named for life. The accident caused a loss of about \$25,000.

6. The opening of each debate shall be alternate, unless expressly agreed upon by McDonald and Blair.

7. In case of sickness, or any other unavoidable causes of either, the debate for that day shall be passed, and after the recovery of such party, the appointment shall be filled at a time fixed by McDonald and Blair.

MONROEVILLE NEWS.

Louis Bobylis and C. Flaugh, of Fort Wayne, were in town yesterday.

The answer to our last week's problem is 436 feet and not 463 feet.

Ben Vandasdale had his arm amputated last week at the city hospital in Fort Wayne.

The corn and potato crops have been greatly damaged by the late heavy rains. The ladies of the Baptist church had an oyster supper last Saturday in the G. A. R. hall, on railroad street. The receipts therefrom amounted to about \$30, which the ladies will use for the benefit of the church.

Philip Kriek was married last Thursday evening to Miss Callie Johnson, the accomplished daughter of our popular landlord of the Central hotel. Rev. S. D. Miller performed the ceremonies in the presence of a few intimate friends.

A spacious hall would be a great advantage to this town. Such was witnessed last Saturday evening.

The Gazette's vilification of Judge Lowry does not increase the sentiment for Captain White, but on the contrary, the judge will receive a large majority.

Notwithstanding the remonstrances made by the citizens of Hoagland the town will be blessed, or otherwise, with a saloon. Parties from this place and Fort Wayne are interested in the so called business.

A large number of democrats greeted Hon. R. C. Bell last Saturday evening at the hall in the rear of Stewart's store.

Not one-fourth of the crowd could gain entrance to the building. In his speech Hon. Mr. Bell did justice to his party, and no one went away feeling in any way vilified, as is the custom in republican demonstration. Dr. Loag, the democratic nominee for clerk, accompanied

Mr. Bell to this place. The doctor is unquestionably the gentleman whom the honest voters will support at the November election. From this general standpoint of view Willis will get few if any votes from this part of the county.

In the case of Edwin B. Harrington vs. George W. Ostrander, Judge O'Rourke decided in favor of the defendant.

There has been no confirmation of the rumored death of Mr. D. B. Strope at Kansas City, although telegrams were sent there seeking information.

Wm. Moellering will be awarded the contract for making the excavation and doing the concrete work for the government building. His bid was \$218 for the excavation and \$220 for the concrete work.

The pastor of the Berry street M. E. church desires to meet the membership and young people of the church at the prayer and social service on to-morrow evening at 7:15 o'clock. Don't fail to attend. Strangers always welcome.

Col. J. B. Maynard, of Indianapolis, who speaks here Saturday, used to be a railroad man, and will talk to the engineers, firemen, and railway men generally. Colonel Maynard is a staunch friend of the wage workers, and will be tendered an ovation.

The fire department was called to a burning barn on Franklin avenue this afternoon and at the same time an attempt was made to give an alarm from box 34, on Wilt street, where a fire started, but was quickly suppressed.

The Central Union Telephone Company yesterday filed an answer to the complaint of Dr. W. H. Meyers, whom they refused to serve with an instrument. The company alleges that they have public stations here for public use, but Messrs. Worden & Morris, attorneys for Dr. Meyers, believe they can dispose of that reply under the law of April 8.

The case will be argued before Judge O'Rourke Thursday. The attorneys will file another plea in the suit for \$100 to-morrow. It involves the same question as the other suit outside of the money consideration.

The funeral of the late Hon. Jesse L. Williams occurs to-morrow morning at 10 o'clock. The Hamilton National bank and quite a number of business houses will close during the funeral as a mark of respect to the memory of the distinguished citizen. The pall-bearers chosen to convey the casket and remains are: John Cochrane, Calvin Anderson, J. K. Edgerton, Henry Hoffman, L. M. Ninde, J. D. Nuttman, F. P. Randall and John Morris. Mr. Williams lies in state in the parlor of his home, reposing in a costly Orient cloth casket of red cedar, with extended handles of oxidized gold and a rich satin lining.

STORY DENOUNCED.

The Sensational Flight of Two Novices from a Racine Convent to Fort Wayne is Explained.

Some time ago THE SENTINEL published a telegram detailing the flight of two young novices from a Dominican convent at Racine, Wis., and their subsequent arrival at Fort Wayne.

Mr. Adolph Schuelte, of this city, has just returned from Racine and pronounces the sensational telegram false in its pernicious particulars. Mr. Schuelte hands us this explanation from the Racine Journal:

This morning a Journal reporter called at the convent and showed the article to the Mother Superior and Father Birkhauser, who both pronounced the story false. Mr. Birkhauser said that the two girls came to this country with the intention of entering a convent, because they could not get in one in Germany on account of the strict surveillance of the civil authorities where they resided. They were admitted to this convent on the recommendation of a nun or sister, who knew their parents in the old country. The elder girl entered as a candidate and the younger one attended school. The convent authorities were desirous of sending the younger one back to Germany, and she sent for money to go with, and received between \$40 and \$50, which was not enough. Then she said that she would not go to Germany, but would take care of herself, and left for Chicago.

The older sister was very much displeased with the course the younger one took and stayed in the convent. She was stubborn and self-willed and refused to comply with some of the rules and consequently she was dismissed and told to leave. This she refused to do and remained a month or more, but was finally induced to leave when informed that an officer would be called. Instead of escaping, as alleged in the article, one of the sisters, Cecelia, accompanied her to Chicago and showed her around the city. Upon leaving her she was given \$25. The next heard of her was from a convent at Fort Wayne, Ind., and all correspondence from her friends in Germany was forwarded to that place. Last week a letter was received here announcing that she had been discharged at her own request. In reference to the money, they had \$200 when they came here and were in the institution over one year. For board, tuition and other expenses \$100 was charged for them both, \$25 was given to Francesca when she left the convent and \$75 remains with the Mother Superior, which she has never sent for as was agreed upon. She can have the money at any time she sends for it. Her clothing, etc., was sent to her after she went away, she having sent for it, but no request was made for the money. When leaving all of the money was offered her, but she refused to take it. Force was not used with either of the girls and never is and the doors are open for the sisters to go and come as they please. In speaking about the two girls Rev. Father Birkhauser said they were good girls as far as he knew, and he cannot imagine why they should make such false statements.

IT IS WAR.

The Fort Wayne Electric Light Company Sue Michigan City for Infringement of Patent.

The Fort Wayne Electric Light Company have proceeded against the authorities of Michigan City, Ind., for infringement of patent. The Indianapolis Jenny electric light is used at Michigan City and from this arises the dispute. The Jenny spark here is alleged to be the invention and property of the elder Jenny, while his son claims equal jurisdiction over the Indianapolis light. It is to test the validity of the patent and the right to its utility and profit that the suit is instituted against Michigan City, and some pretty fine questions will arise in the legal debate. Michigan City has not as yet been notified of the suit and there is likely to be a stir up there when THE SENTINEL reaches that village.

A good deal of wheat already sown in Noble county when the late rains came has been damaged to such an extent that farmers will have to sow their fields the second time.

"Can ladies attend the 'Zozo'?" is a question that has been heard several times. They can with perfect propriety. Ladies can see "Zozo" and feel as much at ease as if attending an ordinary opera. The play is a chaste, pantomimic drama of scenery, calcium lights and grand transformation.

As fast as can be done with the force on hand, all the old-fashioned switches on the Wabash main track and in the sidings, in the yard and elsewhere, are being removed and the Missouri Pacific standard split substituted. These switches possess many advantages over other kinds, the principal feature being the non-liability of trains getting off the track, no matter whether the switch be open or shut.

At a meeting of the English holders of Pennsylvania railroad securities on Wednesday last in London, a resolution was adopted declaring that the time had come to distribute among the shareholders a portion of the company's reserve funds, and declaring also that the directors of the company ought to agree upon some definite principle of division of the future net earnings of the road.

"Zozo" was presented to a fair audience at the Temple last night and will be repeated this evening. "Zozo" is voiced by the press as a wonderfully bright, clean and attractive show piece; it has no ballet, variety specialties or any objectionable features. The music is well selected and capably rendered; the effects new and striking; the scenery exceptionally good, transformation scene exceeding anything ever before seen here.

Mitchell Minser was fined this morning for assault on August Dittmeyer, special policeman at the Hoffman lumber yards. Minser refused to stop smoking on the premises, and Mayor Muhler tamed him.

John Day, a member of the Wabash bridge gang, who got hurt on the track a few days ago, was taken to the hospital at Peru yesterday. The doctor says it will take several weeks before the man will entirely recover.

Thursday afternoon next, at 4 o'clock, occurs the marriage of Mr. W. O. Gross, of Thieme & Gross, druggists, to Miss Clara Thieme, daughter of J. G. Thieme, the clothier. Ceremony at St. Paul's Lutheran church, Barr street, Rev. C. Gross, officiating.

Miss Brunner, of the Zozo company, is at the Denison House, Indianapolis, very ill. There is some doubt whether she will recover. Learning of her illness, the "Little Tycoon" company now playing there, made up a handsome purse for her relief.

John Schaffer came in from a hunting expedition yesterday and wildly rushed about organizing a party to go out after a big field of deer he saw west of the city. A close questioning developed the fact that Mr. Schaffer saw the deer family at the Brookside farm and is holding his head against an ice chest to recover from his mistake.

THE SENTINEL representative questioned Cashier John Mohr relative to the statement of the Sunday *Gazette* that the county funds were deposited in the Hamilton National bank. Mr. Mohr said that not a cent of the county treasurer's money is deposited in their bank, as Mr. Dalman divides it between the Old New National bank and the First National. "You can say, however," said Mr. Mohr, "that the deposits of the bank are over \$100,000 more than when the Hamilton National bank held all the county deposits."

Prof. Diedrich, of the Lutheran college, has published a German circular opposing Judge Lowry. With all due respect to Prof. Diedrich as a gentleman and a scholar, THE SENTINEL has but to say that it fails to remember any campaign in which the professor has not shown himself to be an ardent republican, so his statement should receive no more consideration than if made by any other republican. We do not agree with the statements of Prof. Diedrich and we think his German friends, who have always found the democratic party in sympathy with them, will pay no attention to his circular.

Hood's Sarsaparilla, acting through the blood, reaches every part of the system and in this way positively cures all sorts of blood diseases.

His reports confirm it."

SEIZED BY CANADA.

A United States Schooner Held for Violation of Sealing Laws.

WASHINGTON, Oct. 12.—The state department has received a brief dispatch from the American consul general in Canada confirming reports touching the seizure on Saturday last by Canadian customs officers of the American schooner Marion Grimes at Shelburne.

Nothing is officially known at the department concerning the reported seizure by Russian officials in the Arctic sea of the American schooner Horatia. The British minister, acting on instructions from his government, has applied to the department of state for all information obtainable in regard to the recent seizure of the British Columbian schooners Luard, Thornton and Carolina, by the revenue steamer Corwin, for alleged violation of the laws regulating the hunting of seals in Alaskan waters. The application was referred to the acting secretary of the treasury, and that official to-day transmitted to the secretary of state copies of all correspondence in the treasury department bearing on the seizures in question.

Rabbed of \$4,000.

CORNING, Oct. 12.—William Edwards robbed a farmer named Israel Bush of \$4,000 on the night of October 6, and left the farm. Last night he went back and raised a disturbance because another man had been hired in his place. He was arrested and put in jail, and his trial set for next Saturday. He afterward made a full confession, and will be taken before Judge Keyes on next Wednesday for sentence.

A Fierce Wind Storm.

NEW ORLEANS, Oct. 12.—The wind was blowing a gale last night. Dispatches from towns on the Mississippi coast report a gale prevailing all day on the Mississippi sound. A break in the old levee levee on Broad street was reported last night. The velocity of the wind was thirty-six to forty miles an hour and increasing.

GIVE IT UP!

No Change in the Affairs at the Chicago Packing Houses.

CHICAGO, Oct. 12.—A committee from the general assembly of the Knights of Labor this morning had consultations with the individual owners of packing houses, but found it impossible to deal with the committee representing the entire packing houses. The general situation at the stock yards is no

changed. There are large waiting crowds, but no disturbances. The best men continue working and the Armour house is running the pork department with a reduced force.

Speaking concerning the stock yards strike, Mr. Armour says: "The day of Chicago's supremacy as a pork packing centre will soon be a thing of the past. Kansas City, Omaha, Cedar Rapids and other points are fast taking the business away from here. It is a natural course of events."

MURDEROUS NEGROES

They Fire Upon a Party of Students With Serious Results.

DANVILLE, Oct. 12.—Saturday night a number of the university students at Chapel Hill, N. C., went out on a lark, and a disturbance took place between them and a number of negroes who reside in the place. The students returned to the college, arriving about 12:30 a. m., and made a complaint to Mr. J. A. Frazier, that the negroes had insulted them. He was in bed, but arose and went out with the complainants to the place where the trouble occurred and saw a number of negroes loitering near the house occupied by a negro named Barber. Upon asking for the parties who had offered so insult to the students they were answered by a fusillade of shot and balls from the house, which resulted in the killing of Frazier and the wounding of two students, Pat Brower, Jesse Harris and Wesley Hardest, after firing, they made their escape and have not been captured. No doubt it caught they will be lynched.

Mr. Heit is a traveling salesman for Louis Fox, and a clever young gentleman. There is no occasion for them to regret the occurrence, as the parental blessings have been extended.

OSAGO, Oct. 12.—The house of deputies of the Protestant Episcopal church met again this morning and the committee on the consecration of bishops reported in favor of the consecration of Rev. Mahlon Norris Gilbart, an assistant bishop of Minnesota. The point was raised that the question should be held with closed doors. The matter was accordingly referred back to the committee on consecrations. The question of the consecration of colored people to the Episcopacy was referred to the committee on consecration and that the report be placed on the calendar.

WHAT THEY SAY.

Press Comments on the Death of Hon. Jesse L. Williams.

(Richmond Palladium.)
Hon. Jesse L. Williams, who died at Fort Wayne last Saturday in his 89th year, was a brother of Mrs. Dr. Monahan and of the late Achilles Williams of this city. He was one of the leading civil engineers of the country and as the chief engineer of the state was engaged in its great internal improvement schemes nearly half a century ago. Later he became interested in building railroads and was mainly instrumental in securing all the earlier railroads at Fort Wayne. During Mr. Lincoln's administration he was appointed government director of the Union Pacific railroad. He was always one of the most enterprising and public spirited men of Fort Wayne, and contributed largely in every way to the upbuilding of that city. In all benevolent and moral movements he was always prominent and liberal in contributing means to their support, as well as in personal efforts to advance them. On subjects in which he took an interest he was a voluminous writer, and upon all things connected with his profession was regarded as a standard authority. For many years he had been an elder of the Presbyterian church to which he was greatly devoted, spending time and money liberally to promote its interest. Few men have lived a more active and useful life or accomplished more good among men. He acquired a large fortune by honest effort and honest dealings with all with whom he was associated, and died honored and esteemed by all who knew him. He leaves a widow and three sons.

(Lansing Courier.)

At his home at Fort Wayne, on Saturday, occurred the death of Hon. Jesse L. Williams, one of the oldest and best-known citizens of Indiana, in the eightieth year of his life. He was identified with the construction of the first railroads of Indiana, and was especially well known in this section through his connection with the Wabash and Erie canal. In July, 1854, Mr. Williams was appointed by President Lincoln a government director of the Union Pacific railroad and remained in that position until the Union Pacific and Central Pacific met west of Salt Lake, in 1869, when the oceans were connected by rail. He received commissions from three successive presidents, Lincoln, Johnson and Grant. He was beloved on all sides and his death will bring sincere sorrow and mourning to all who knew him.

(Huntington Democrat.)
Hon. Jesse L. Williams, an old and highly honored citizen of Fort Wayne, died at noon Saturday, being in his eightieth year. He surveyed the Wabash and Erie canal through Fort Wayne, surveyed the Grand Rapids and Indiana railway, was one of the first of the government directors of the Union Pacific railway and was the only one who was reappointed by President Grant.

Both men were in the cab of the shifting engine when it struck the freight train. The accident caused a loss of about \$25,000.

2. Neither party shall interrupt the other while he is speaking.

3. No direct question put shall be answered by way of interruption and each party reserves the right to answer such interrogatory at the next place of meeting.

4. No new point shall be introduced during the fifteen minutes' close, but it shall be exclusively used by way of reply.

5. The party opening the debate shall have one hour, and shall be followed by his opponent, who shall have one hour and fifteen minutes; the party opening shall then have fifteen minutes, which shall close the debate, and no other speaking shall take place at such meeting.

6. The opening of each debate shall be alternate, unless expressly agreed upon by McDonald and Blair.

7. In case of sickness, or any other unavoidable cause of either, the debate for that day shall be passed, and after the recovery of such party, the appointment shall be filled at a time fixed by McDonald and Blair.

8. The joint discussion will commence at New Haven, Mr. McDonald opening with an hour, and Mr. Blair following with an hour and fifteen minutes, and that the openings and closings alternate thereafter at each place.

MONROEVILLE NEWS.

Louis Bohylia and C. Fluegh, of Fort Wayne, were in town yesterday.

The answer to our last week's problem is 435 feet and not 453 feet.

Hen Vanosdale had his arm amputated last week at the city hospital in Fort Wayne.

The corn and potato crops have been greatly damaged by the late heavy rains.

The ladies of the Baptist church had an oyster supper last Saturday in the G. A. R. hall, on railroad street. The receipts therefrom amounted to about \$30, which the ladies will use for the benefit of the church.

Philip Kirk was married last Thursday evening to Miss Cathie Johnson, the accomplished daughter of our popular landlord of the Central hotel. Rev. S. D. Miller performed the ceremonies in the presence of a few intimate friends.

A spacious hall would be a great advantage to this town. Such was witnessed last Saturday evening.

The Gazette's vilification of Judge Lowry does not increase the sentiment for Captain White, but on the contrary, the judge will receive a large majority.

Notwithstanding the remonstrances made by the citizens of Highland the town will be blessed, or otherwise, with a saloon. Parties from this place and Fort Wayne are interested in the so called business.

A large number of democrats greeted Hon. R. C. Bell last Saturday evening at the hall in the rear of Stewart's store. Not one-fourth of the crowd could gain entrance to the building. In his speech Hon. Mr. Bell did justice to his party, and no one went away feeling in any way vilified, as is the custom in republican demonstration. Dr. Long, the democratic nominee for clerk, accompanied

Mr. Bell to this place. The doctor is unquestionably the gentleman whom the honest voters will support at the November election. From this general standpoint of view Willis will get few if any votes from this part of the county.

LOCAL NEWS.

Wm. Shesler and Cora A. Wood have been licensed to wed.

Col. J. B. Maynard, of Indianapolis, is booked for a democratic speech in this city, Saturday next, Oct. 16.

In the case of Edwin B. Harrington vs. George W. Ostrander, Judge O'Rourke decided in favor of the defendant.

There has been no confirmation of the rumored death of Mr. D. B. Stroppe at Kansas City, although telegrams were sent there seeking information.

Wm. Moellering will be awarded the contract for making the excavation and doing the concrete work for the government building. His bid was \$218 for the excavation and \$220 for the concrete work.

The pastor of the Berry street M. E. church desires to meet the membership and young people of the church at the prayer and social service on to-morrow evening at 7:30 o'clock. Don't fail to attend. Stronger always welcome.

Col. J. B. Maynard, of Indianapolis, who speaks here Saturday, used to be a railroad man, and will talk to the engineers, firemen, and railway men generally. Colonel Maynard is a staunch friend of the wage workers, and will be endorsed an ovation.

The fire department was called to a burning barn on Franklin avenue this afternoon and at the same time an attempt was made to give an alarm from box 34, on Wilt street, where a fire started, but was quickly suppressed.

The Central Union Telephone Company yesterday filed no answer to the complaint of Dr. W. H. Meyers, whom they refused to serve with an instrument. The company alleges that they have public stations here for public use, but Messrs. Worden & Morris, attorneys for Dr. Meyers, believe they can dispose of that reply under the law of April 8.

The case will be argued before Judge O'Rourke Thursday. The attorneys will file another plea in the suit for \$100 to-morrow. It involves the same question as the other suit outside of the money consideration.

The funeral of the late Hon. Jesse L. Williams occurs to-morrow morning at 10 o'clock. The Hamilton National bank and quite a number of business houses will close during the funeral as a mark of respect to the memory of the distinguished citizen. The pall-bearers chosen to convey the casket and remains are: John Cochrane, Calvin Anderson, J. K. Edgerton, Henry Hoffman, L. M. Nimmo, J. D. Nuttman, F. P. Randall and John Morris. Mr. Williams lies in state in the parlor of his home, adjoining a specially Orient cloth casket of red cedar, with extended handles of polished gold and a rich satin lining.

STORY DENOUNCED.

The Sensational Flight of Two Nieces from a Racine Convent to Fort Wayne is Explained.

Some time ago THE SENTINEL published a telegram detailing the flight of two young nuns from a Dominican convent at Racine, Wis., and their subsequent arrival at Fort Wayne.

Mr. Adolph Schmitt, of this city, has just returned from Racine and pronounced the sensational telegram false in its pertinent particulars. Mr. Schmitt hands us this explanation from the Racine Journal:

This morning a Journal reporter called at the convent and showed the article to the Mother Superior and Father Birkhauser, who both pronounced the story false.

The two girls came to this country with the intention of entering a convent, because they could not get in one in Germany on account of the strict surveillance of the civil authorities where they resided. They were admitted to this convent on the recommendation of a nun or sister, who knew their parents in the old country. The older girl entered as a candidate and the younger one attended school. The convent authorities were desirous of sending the younger one back to Germany, and she sent for money to go with, and received between \$40 and \$50, which was not enough. Then she said that she would not go to Germany, but would take care of herself, and left for Chicago.

The older sister was very much displeased with the course the younger one took and stayed in the convent. She was stubborn and self-willed and refused to comply with some of the rules and consequently she was dismissed and told to leave. This she refused to do and remained a month or more, but was finally induced to leave when informed that no officer would be called. Instead of escaping, as alleged in the article, one of the sisters, Cecelia, accompanied her to Chicago and showed her around the city. Upon leaving her she was given \$25. The next heard of her was from a convent at Fort Wayne, Ind., and all correspondence from her friends in Germany was forwarded to that place. Last week a letter was received here announcing that she had been discharged at her own request. In reference to the money, they had \$300 when they came here and were in the institution over one year. For board, tuition and other expenses \$100 was charged for them both, \$25 was given to Cecelia when she left the convent and \$75 remained with the Mother Superior, which she has never sent for as was agreed upon. She can have the money at any time she sends for it. Her clothing, etc., was sent to her after she went away, she having sent for it, but no request was made for the money. When leaving all of the money was offered her, but she refused to take it. Cecelia was not used with either of the girls and never is and the doors are open for the sisters to go and come as they please. In speaking about the two girls Rev. Father Birkhauser said they were good girls as far as he knew, and he cannot imagine why they should make such false statements.

IT IS WAR.

The Fort Wayne Electric Light Company Sue Michigan City for Infringement of Patent.

The Fort Wayne Electric Light Company have succeeded against the authorities of Michigan City, Ind., for infringement of patent. The Indianapolis Electric Light is used at Michigan City and from this arises the dispute. The Jemmy spark here is alleged to be the invention and property of the older Jemmy, while his son claims patent jurisdiction over the Indianapolis light. It is to test the validity of the patent and the right to the utility and profit that the suit is instituted against Michigan City, and some pretty fine questions will arise in the legal debate. Michigan City has not as yet been notified of the suit and there is likely to be a stir up there when The SENTINEL reaches that village.

A good deal of wheat already sown in Nobles county when the late rains came has been damaged to such an extent that farmers will have to sow their fields the second time.

The Texas Tribune says: "The late atmospheric tribulation has brought on many cases of cough and cold, and Dr. Bull's Cough Syrup is in great demand."

"What would Cal did over heat but by degrees?" The thousand cases daily cured by Salvation Oil.

A WEALTHY Charleston merchant,

who availed himself of the free passes offered by the railroad to send his family away, and who locked the clerks for coming to work late the morning after the earthquake, has been boycotted by the citizens and will probably have to return from business.

A PAPER from Tacoma says, in illustration of the queer things women

suffrage is responsible for, that "in Lincoln County, Frank M. Gray, editor of the Davenport Times, who was a member of the Territorial Republican Convention, is a Republican candidate for the Legislature, while Mrs. Gray, his wife and associate editor, is a candidate on the Democratic ticket for School Superintendent."

During the long dry spell in McLean

County, Wis., Mr. Price Jones, of Townsboro, bore a hole about fourteen feet in the dry bed of Money Creek, and was rewarded by a stream of water that flows nearly a barrel a minute from a pipe that was driven down. The water flows from the pipe about four feet from the surface of the ground. Money Creek is now supplied with water for miles below the artesian fountain.

Three young fellows of Centerville,

Ind., got drunk and concluded to have a little fun with Gus Kirk, one of their number. A mock trial was held and Kirk was sentenced to be hanged, which they proceeded to do by putting a cord around his neck, throwing one end over the limb of a tree and then swinging him off. The cord was expected to break, but didn't, and as his companions were too drunk to release him, he came very near strangling to death before sober assistance arrived and cut the string.

ELMER YATES is authority for the

assertion that General Sir Redvers Buller has been struck by the excessive poverty of the Kerry and Clare peasantry, and has of course written his opinion on the subject to Sir Michael Hicks-Beach. Although it is not his business to make recommendations as to rent or land, he has seen enough to convince him that the root of all disorder in Kerry lies in the miserable and impoverished condition of the people. He has in fact told the Chief Secretary that if the land question could be settled, very little would be heard of home rule.

The people of Pensacola, Fla., are

very proud just now of Lemmy Haley. While some children living at the bayou were on the bridge playing, little Guy Haley, aged 6 years, while bending over the edge of the bridge looking at the fishes, lost his balance and fell into the channel, and immediately sank to the bottom. The alarm was given by Louis Davenport, who saw the child fall overboard, and immediately Lemmy sprang overboard and dived down and brought his brother up to the surface, who, upon reaching the surface, clasped him tightly about the neck and prevented him from swimming. The brave little fellow did not lose his presence of mind, but breathed out to him, and he was rescued out to him, and he and Guy were safely landed on terra firma.

A PLAIN STATEMENT.

A Concise and Clear Statement of Allen County's Finances.

Owing to the misrepresentations if not absolute falsehoods of the so-called People's Convention managers, concerning the financial condition of Allen county, Chairman McCulloch, of the democratic county committee, addressed a letter to Treasurer John Dalman, requesting an accurate statement of the county's affairs at the close of business, September 30, 1886. Treasurer Dalman's reply is given in full, and explodes most effectively the statements made by these would-be bullwheeler of the people's, alias republican movement.

In compliance with your request to furnish a statement to the public, of the condition of the treasury of Allen county, I hereby enclose such statement as shown by the books in my office at the close of business September 30, 1886:

County bonds, \$300,000 00
Interest on bonds up to 2,500 00
County orders about 100 00
Total indebtedness \$302,500 00
Assets for county purposes:
Amount of cash on hand October 1, 1886 \$4,000 00
Admitted claims 4,000 00
Interest on Adams county order to October 1, 1886 50 00
Second installment, due from May settlement 7,500 00
Delinquent tax due and unpaid 30,000 00
Total assets \$45,500 00
Liabilities over assets \$257,000 00

JOHN DALMAN, Treasurer Allen County.

Mr. J. Schrader, No. 11 German

street, Baltimore, Md., "believes in Salvation Oil for rheumatism."

Often the fondest mother's care is no protection against coughs, colds, and hoarseness. Dr. Hall's Cough Syrup should be kept in readiness.

IS THIS THE REFORM THEY TALK ABOUT?

[Proceedings of the Republican County Convention taken verbatim from the Gazette.]

Mr. Dalman was declared the nominee and made a short speech:

"Mr. Chairman and gentlemen:—I have not been making this office, but as you have been so liberal as to give me a majority on the first ballot, I am very thankful, and shall work again as I did four years ago, when I paid \$1,300 and didn't get the office, even if it costs me another \$1,300 to get into this court house. All I ask is that these delegates do the fair thing, and at the fall election be at the polls and vote the whole ticket through from top to bottom, in voice. 'We'll do it!' and there is no doubt but we'll carry Allen county. [Cheers.]"

It is the only standard 50-cent article for the hair.

DUFFY'S PURE MALT WHISKEY

There is one thing nobody ever regrets—and it is the day they first adopted Duffy's Pure Malt Whiskey as their regular family medicine. Its range is so wide, and its good effects so sure, that nothing else, except good nursing, are needed in a great majority of cases. Buy it, try it, and afterwards it will not require any praise from us.

"Brown's Bronchical Trovies" manifest remarkable curative properties. Sold only in boxes. Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing, nauseous and disgusting of the flesh in her to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

ANSON BROUGH, of Bineberry, Ill.,

says he owes his life to Gilmore's Nerve Elixir. Try it. MR. A. HIGGINS, of Wyoming, N. Y., says he had the piles for nearly 40 years, and was cured by Gilmore's Pile ointment. WHY WILL YOU SUFFER from ague and malaria when Gilmore's Aromatic Wine will cure you. GILMORE'S NEURALGIA CURE is a positive cure for neuralgia in the face, side and stomach. JOHN H. YATES, of Batavia, N. Y., says: "I cheerfully commend your ALLIANTHINE WINE. I have used it through the week frame of mine, and for all my stomach ills. It has cured the doctor and his pills." As fast as can be done with the force on hand, all the old-fashioned switches on the Wabash main track and in the sidings, in the yard and elsewhere, are being removed and the Missouri Pacific standard split substituted. These switches possess many advantages over other kinds, the principal feature being the non-liability of trains getting off the track, no matter whether the switch be open or shut.

At a meeting of the English holders of Pennsylvania railroad securities on Wednesday last in London, a resolution was adopted declaring that the line had come to distribute among the share holders a portion of the company's reserve funds, and declaring also that the directors of the company ought to agree upon some definite principle of division of the future net earnings of the road.

"Zozo" was presented to a fair audience at the Temple last night and will be repeated this evening. "Zozo" is voiced by the press as a wonderfully bright, clean and attractive show piece; it has no halts, variety specialties or any objectionable features. The music is well selected and capably rendered; the effects new and striking; the scenery exceptionally good, transformation scenes exceeding anything ever before seen here.

Major O. A. Munson has come from a ten days tour of the state. Mr. Munson's face is aglow with victory and he is confident of a big majority for the democratic state ticket.

Mitchell Miner was fined this morning for assault on August Dittmeyer, special policeman at the Hoffman lumber yards. Miner refused to stop smoking on the premises, and Mayor Muhler fined him.

John Day, a member of the Wabash bridge gang, who got hurt on the track a few days ago, was taken to the hospital at Peru yesterday. The doctor says it will take several weeks before the man will entirely recover.

Thursday afternoon next, at 4 o'clock, occurs the marriage of Mr. W. O. Gross, of Tipton & Gross, druggists, to Miss Clara Thieme, daughter of J. G. Thieme, the clothier. Ceremony at St. Paul's Lutheran church, Barr street, Rev. C. Gross, officiating.

John Schaffer came in from a hunting expedition yesterday and wildly rushed about organizing a party to go out after a big find of deer he saw west of the city. A close questioning developed the fact that Mr. Schaffer saw the deer family at the Brookside farm and is holding his head against an ice chest to recover from his mistake.

The *Sentinel* representative questioned Cashier John Mohr relative to the statement of the *Standard Gazette* that the county funds were deposited in the Hamilton National bank. Mr. Mohr said that not a cent of the county treasurer's money is deposited in their bank, as Mr. Dahman divides it between the Old New National bank and the First National. "You can say, however," said Mr. Mohr, "that the deposits of the bank are over \$100,000 more than when the Hamilton National bank held all the county deposits."

Prof. Dietrich, of the Lutheran college, has published a German circular opposing Judge Lowry. With all respect to Prof. Dietrich as a gentleman and a scholar, this *Sentinel* has no say in which the professor is not shown himself to be an ardent republican, so his statement should receive no more consideration than it made by any other republican. We do not agree with the statements of Prof. Dietrich and we think his German friends, who have always found the democratic party in sympathy with them, will pay no attention to his circular.
